Questions concerning Title IX may be directed to Robert McDaniel, the local Director of Compliance, 533 Maggie Street, Liberty, MS 39645, or call 601-657-4361.

- D. The principal shall render a written decision to the aggrieved within five (5) days after receipt of the appeal.

Step 3:

- B. The aggrieved student or superintendent may request a conference prior to the time a decision is rendered.
- C. The superintendent shall render a decision to the aggrieved student within (20) days after receipt of the appeal.

COMPULSORY SCHOOL AGE CHILD

The Mississippi Code defines a “compulsory school age child” as a child who has attained or will attain the age of six (6) years on or before September 1 of the calendar year and who has not attained the age of seventeen (17) years on or before September 1 of the calendar year; and shall include any child who has attained or will attain the age of five (5) years on or before September 1 and has enrolled in a full-day public school kindergarten program.

Section 12 of the Literacy-Based Promotion Act includes the Mississippi Compulsory School Attendance Law. Children age 5 on or before September 1 of the calendar year that have enrolled in public Kindergarten are subject to the provisions of the Mississippi Compulsory School Attendance Law. Please see the attendance section in this handbook for attendance requirements.

HOMELESS CHILDREN AND YOUTH

The district will ensure that homeless students are not stigmatized nor segregated based on their status as homeless. A homeless student will be admitted to the district school in the attendance area in which the student is living.

FOSTER CARE

The district will ensure that children in foster care remain in their schools of origin unless it is determined to be in the student’s best interest to change schools. Should a school transfer become necessary, the district will coordinate with the receiving school to ensure enrollment without delay.

ASSIGNMENT TO SCHOOLS

The Amite County School District accepts only students, who physically reside full-time, weekdays/nights and weekends, within the limits of the school district with the following exception: the child of an out-of-district school employee is eligible to attend school in the district, based on the mutual consent of the school boards.

Each student must have on file at his/her assigned school a verification of residency form as required by state law. The parent(s) or legal guardian(s) of a student seeking to enroll must provide the school district with at least two documents as verification of their address, except that a document with a post office box as an address will not be accepted. If the residence of a student changes, the parent(s) or guardian(s) will be required to provide the school with at least two documents of verification of the new address.

A student who is expelled or suspended by another school district and who subsequently applies for admission to the Amite County Schools may not be eligible to enroll in any Amite County School until he/she is eligible for readmission to his/her previous school following suspension or expulsion.

ATTENDANCE POLICY FOR GRADES K- 6

The Amite County School District encourages daily attendance of students. The Board of Education of the Amite County School District classifies all absences in grades K–6 as unexcused except for the following reasons:

1. Illness or injury that prevents the student from being physically able to attend school.
2. Isolation ordered by county health officials or the State Board of Health.
3. Death or serious illness of a member of the immediate family (defined as parents, grandparents, brother, sister, including stepbrother and stepsister, child, or spouse).
4. Required appearance in court or an administrative tribunal.
5. Observance of religious events.
6. Medical or dental appointments that are approved by the administration **prior to** the absence, except in case of emergency.

An absence is excused when the absence results from the compulsory-school-age child's attendance at an authorized school activity with the prior approval of the superintendent of the school district or his designee.

Upon the child's return to school after an absence, he/she will be required to present a **written excuse** signed by the parent or guardian. The number of days that can be excused with a parent's note is limited to **ten (10) days**. The teacher must receive this excuse within **two school days** after the absence, or it will automatically be considered unexcused or at the discretion of the principal after 5 days. **Telephone calls regarding absences are not acceptable**. Additional verification may be required if it is deemed appropriate.

It is the student's responsibility to initiate making up all work with his/her teacher. A student will receive an unsatisfactory grade on work not made up. Zeroes shall not be given to students who have been suspended or are awaiting Alternative School Placement/ Behavior Modification.

The following procedures will be used to notify the attendance officer of the Amite County Family Court of a violation of the compulsory school attendance law:

1. Fifth (5th) unexcused absence (excluding suspensions) Attendance officer will be notified
2. Tenth (10th) unexcused absence (excluding suspensions) Attendance officer will be notified.
3. Twelfth (12th) unexcused absence – (excluding suspensions) Attendance officer will be notified-
4. Amite County School Attendance Officers will have access to all student attendance records.

Students who arrive late or who are checked out early a total of six (6) times during the year will not be eligible to receive a perfect attendance award at the end of the school year.

House Bill 1530 provides that a compulsory-school age child who is absent more than 37% of his/her instructional day must be considered absent the entire day. HB 1530 requires that students must be present 63% of the individual student's instructional day as set by local School Board for each school to be counted as full day. HB 1530 establishes that local School Boards enact policies defining 37% of the instructional day.

Note: Any student absent for twenty consecutive days will be dropped from the roll unless the legal guardian advises the principal that the student has a legitimate reason for extended absence. The principal will determine the course of action to be followed concerning a student's progress and placement following an extended absence.

UNLAWFUL ABSENCES OF CHILDREN

Law enforcement officers shall be authorized to investigate all cases of nonattendance and unlawful absences of children. They shall file a petition with the youth court against parent or child under the provisions of the Mississippi Compulsory Attendance Law.

ARRIVAL TIME

For your child's safety, no student should be dropped off at school earlier than the teachers' duty time. Please check with your child's school to find out the time your child may be dropped off at school.

TARDINESS

Parents are responsible for making sure students are arriving to school and getting to all classes on time. Excessive tardiness cannot be tolerated. A student who arrives after the scheduled commencement of any class period shall be considered tardy. Each instance of tardiness requires that a written explanation from the student's parent, parent's designee or guardian be received no later than the second school day following the school day in which the tardiness occurs.

Due to the uniqueness of each school, procedures for handling tardiness will be developed at each site. Some offenses may require notification of local law enforcement agencies. Each school has a written tardy policy that is available upon request.

CHECK OUT POLICY

Only the legal guardian or other person designated by the legal guardian may check a student out of school during school hours. Under no circumstances is a student to be taken out of school without official clearance.

We urge your cooperation in the school's policy of preventing unauthorized removal of a student from school. The student's safety may well depend upon strict adherence to this policy.

According to the Mississippi Department of Education, a child must attend school a minimum of 330 minutes of instruction per day.

STUDENT REGISTRATION

All students entering the public schools of Mississippi for the first time must present a certified copy of their birth certificate and two proofs of residency. A child must be six years of age (kindergarten-five years of age) on or before September 1, in order to enroll for the school year. The parent or legal guardian of a student must be present before the student will be registered.

IMMUNIZATION REQUIREMENTS

The requirement that students present a Certificate of Compliance before they are allowed to attend school was mandated by the state legislature in 1978. School officials can neither make exceptions nor issue compliance certificates. The County Health Officer, located at the Amite County Health Department, can make exceptions for medical reasons. The following vaccines are required to attend school:

- A. DTaP (Diphtheria, Tetanus, Whooping Cough)
- B. Polio
- C. Hepatitis B
- D. MMR (Measles, Mumps, Rubella)
- E. Varicella (Chickenpox)

Students entering an Amite County school from another public school in Mississippi are required to present proof of clearance from their former school prior to enrollment. Students

will be placed in classes by the school principal. A standardized test will be administered as an aid in the proper placement of the students from non-accredited schools.

ADDRESS CHANGE

It is the parent's responsibility to report changes of address or telephone number to the school office immediately. Failure to do so may result in a delay of emergency contact or important information being disseminated. A change form may be requested in the school office. Two proofs of residency will be required upon updates.

EMERGENCY NOTIFICATION INFORMATION

It is the responsibility of the parent to notify and update emergency notification information to the school. Forms are available at the school.

STUDENT WITHDRAWALS AND TRANSFERS

If a student is to withdraw from school or transfer to another school, the student's legal guardian must contact the principal. All textbooks should be returned. Fees and debts should be paid upon withdrawal.

The student's cumulative record will be forwarded to the next school upon receipt of a request from the new school. Students wishing to participate in sporting events or related activities must meet the requirements of the Mississippi High School Activity Association.

OUT OF DISTRICT TRANSFERS

Students transferring from another district into the Amite County School District must obtain a release form from the school district in which they reside. Approval must then be secured by the Amite County School District Superintendent with final approval by the Amite County School District School Board. Transfers are subject to tuition charge and availability of space.

TRANSFER STUDENTS FROM HOME SCHOOLS OR NON-ACCREDITED SCHOOLS

Pupils from non-accredited schools will not be accepted without examinations administered. A non-accredited school shall be defined as a school that is not recognized by any of the following accreditation processes:

- a. A state accrediting agency,
- b. Mississippi Private School Association, or
- c. Southern Association of Colleges and Schools (SACS) or any sister affiliation of SACS.

The procedure for enrollment of transfer students who were enrolled in a non-accredited school or in a correspondence school or who were receiving home schooling will be as follows:

- a. The student will be temporarily assigned during registration to grade level or subject indicated on report card, transfer papers, or written documentation from correspondence school or private tutor.
- b. The principal will submit to the appropriate central office administrator a written request for the assessment(s) for those students who register from a non-accredited school, a correspondence school, home schooling, or a private tutor.
- c. The principal will arrange for the testing of each student within thirty days of enrollment to the school.
- d. Principals will assign the student to grade level or subject based on the student's achievement level on the test(s).

POLICY ON WITHDRAWAL OF STUDENTS DURING LAST MONTH OF SCHOOL

If a student withdraws during the last month of school, a letter will be given to his/her parents stating the child's academic situation and his/her probable classifications for the next year had he/she remained in attendance. A copy will be added to the student's cum.

TITLE I FAMILY ENGAGEMENT OVERVIEW

The Amite County School District acknowledges the importance of family engagement as a vital, integral part of the implementation of its Title I program. It is the District's goal to increase parental engagement at the district and school level. To accomplish this goal, the district will:

1. Put into operation programs, activities and procedures for the engagement of parents in all its schools with Title I, Part A programs, consistent with section 1118 of the Elementary and Secondary Education Act (ESEA) as amended. These programs, activities and procedures will be planned and operated with meaningful consultation with parents of participating children. (Note: Every Student Succeeds Act, Section 1116 also reiterates these ESEA requirements.)
2. Consistent with section 1118, the school district will work with its schools to ensure that the required school-level parental engagement plans meet the requirements of section 1118(b) of the ESEA, and each include, as a component, a school-parent compact consistent with section 1118(d) of the ESEA.
3. Convene a district wide and a building level annual meeting of the parents of Title I schools to: (a.) Discuss the development of the District's Title I plan. (b.) Discuss the process of reviewing and providing input into the improvement of the district and school plan. (c.) Discuss with parents the activities and programs available through Title I funding. (d.) Inform parents of their right to provide input in the design and implementation of the Title I program. (e.) Provide parents an opportunity to establish mechanisms for maintaining a continuous communication among parents, teachers, administrators, and Title I personnel through the website, meetings, online communication tools, and newsletters. This information will be given to parents in a language or manner that is understandable to parents.
4. The district will provide coordination and technical assistance and other necessary supports to assist Title I schools in planning and implementing effective parent engagement activities to improve student academic achievement and school performance through meetings at the district and school level.
5. District Title I personnel will be available to assist schools in building capacity for strong parental engagement by the following: (a.) Disseminating information from the State Department regarding the assessment model and mandated academic standards. (b.) Providing materials and trainings in the area of the state's academic standards, state and local academic assessments, monitoring student's progress and how to communicate with the school. (c.) Provide training to all Title I staff in appropriate means of communicating to parents, especially parents of English Language Learners.
6. Coordinate, to the extent possible, Title I parental engagement with programs such as Head Start, state-run preschool programs, and other programs for early intervention. For review of the full Parental Engagement Policy, please see the policy on the district website, or contact your child's school.

EVERY STUDENT SUCCEEDS ACT (ESSA)

On December 10, 2015, President Obama signed the bipartisan Every Student Succeeds Act (ESSA), which reauthorizes the Elementary and Secondary Education Act of 1965 (ESEA). The ESSA builds upon the critical work States and local educational agencies (LEAs) have implemented over the last few years. The reauthorized law sets high standards and contains policies that will help prepare all students for success in college and future careers. It prioritizes excellence and equity and recognizes the importance of supporting great educators in our nation's schools.

MISSISSIPPI STATE REPORT CARD

The Mississippi State Report Cards contain the accountability grades and information about school and district performance on statewide assessments, the graduation rate (for high schools and districts) and teacher qualifications. These report cards are made for the state,

district and individual schools. They are located on the Mississippi Department of Education's Website and will be linked to Amite County School District's website when they are available.

BALLOONS, FLOWERS, & GIFTS

Balloons, flowers, and gifts sent to students will not be allowed in the classrooms or on the bus.

CONFERENCE WITH TEACHERS

In order that your child receives maximum educational benefits, a close parent-teacher relationship is encouraged. Please contact the school's office to arrange a conference time for you, allowing at least one day's notice prior to the desired conference. For the safety of all students, parents are required to check in at the office to receive a visitor's pass upon arriving at school.

All Teacher-Parent conferences will be conducted during planning periods or before/after school.

DISTRIBUTION OF MATERIALS THROUGH STUDENTS

The school shall not establish a public forum to use the time of the schools, the pupils, and the parents for non-school purposes. The distribution of outside materials and communications to the homes through the pupils shall be kept to a minimum and confined to sources dedicated to the interests of boys and girls.

All requests from groups or individuals to distribute materials in the community through pupils, with the exceptions of those listed below, shall be denied.

EXCEPTIONS to this policy:

1. PTA and scouting materials
2. Educational institution materials approved by the superintendent.
3. Materials pertaining to activities of the city/county recreation program.
4. Public health and national defense

ELECTRONICS POLICY

The unauthorized use of electronic equipment (cell phones, iPods, cameras, tablets, e-readers, iPads, etc.) during the school day is prohibited. This includes classrooms, hallways, restrooms, playgrounds, gyms, and any off-campus areas during the school day. All equipment must be turned off and stored away. Inappropriate use of electronic equipment will be reported to the school administration for possible discipline action. Electronic equipment is brought at the risk of the student/parent.

LOST AND FOUND POLICY/STUDENT VALUABLES

Students should make every attempt to keep up with their personal belongings. All items brought to school should be clearly marked as to the owner's name. All clothing items, toys, games, etc. not claimed by the end of the school year will be donated to a local charitable organization. Items such as valuable jewelry, large sums of money, toys, laser pointers, and electronic games should not be brought to school. **The district assumes no responsibility for lost or stolen items.**

PARENTS' RIGHT TO KNOW

Parents of students in Title I schools are guaranteed annual notification of their "Right to Know" about the teacher qualifications of their children. Parents may request and receive from the school office the professional qualifications of the student's classroom teachers, including: (a) if a teacher is state certified; (b) if a teacher is teaching under emergency or other provisional status; (c) the baccalaureate degree major of a teacher and any other graduate degree major or certification; and (d) if a child receives services from a paraprofessional, and if so, his or her qualifications.

PARENT TEACHER ASSOCIATION (P.T.A)

The elementary school can have a Parent Teacher Association. Parents are encouraged to participate and support their schools through P.T.A.

PETS-ANIMALS

Students may not bring pets or other animals to school without permission from the principal.

PHOTO VIDEO RELEASE

Amite County School District reserves the right to film or photograph students, unless otherwise directed by parent. News media must obtain permission from the superintendent before interviewing, photographing, or filming students or personnel.

REWARD PROGRAMS

All schools in the Amite County School District have implemented positive reward programs recognizing achievement in areas of academics, attendance, citizenship, and athletics.

SCHOOL PARTIES

The principal must authorize all parties. For safety reasons, homemade baked items are not permitted. All food items must remain in the commercially- sealed package or container. Money may not be collected from students for any parties or for any gifts.

STUDENT RELIGIOUS LIBERTIES ACT OF 2013

The Amite County School District will adhere to all provisions outlined in the Student Religious Liberties Act of 2013. Please see District Policy Manual posted on the ACSD website.

SCHOOL TELEPHONES

The school telephone is for business purposes. Therefore, a student's use of the telephone is limited. Students may use the phone only for emergency purposes and only with permission.

VISITORS

The district is dedicated to keeping schools as safe as possible for students. Parents are welcome to visit the schools; however, instructional time will be protected from undue interruptions or delay. Parents should arrange visits ahead of time whenever possible. It is important to remember that a visit for observation is not the best time for conferencing with the teacher.

All visitors and parents must present a photo ID to the principal's office to be signed in and issued a visitor's pass. **EXCEPTION:** Kindergarten parents/guardians wishing to walk their child to class may do so for the first week of school. After that, walking children to class is highly discouraged and may only be done on a case-by-case basis with the approval of the principal. In all cases, a visitor's pass must be obtained. Student visitors are not allowed.

DISCIPLINE

Amite County School District has the authority to regulate the conduct of each boy and girl for their good and for the welfare of the total group. This control of conduct denotes rules and regulations and ensuring that these rules and regulations are honored and respected at school, on the school bus, and at school sponsored activities. This authority to maintain discipline is affirmed by State Law and decisions of the U.S. Supreme Court.

In the educative process, good discipline must be maintained. Discipline should have the qualities of understanding, consistency, fairness, and firmness. Consideration should be given to the cause, nature, condition and frequency of misconduct.

When unacceptable behavior becomes chronic and cannot be corrected through interventions or resources available to the schools, school board approved disciplinary options may be used as final efforts to influence the student's failure to behave.

SCHOOL DISCIPLINE PLAN

In conformance with the Mississippi School Safety Law of 2001 (Section 37-11-53, MS Code of 1972, amended), the following requirements shall be met by this school district:

- (1) A copy of the school district's discipline plan shall be distributed to each student enrolled in the district, and the parents, guardian, or custodian of such student shall sign a statement verifying that they have been given notice of the discipline policies of the district. The school board shall have its official discipline and code of student conduct legally audited on an annual basis to ensure that its policies and procedures are currently in compliance with applicable statutes, case law, and state and federal constitutional provisions. As part of the first legal audit occurring after July 1, 2001, the provisions of Section 37-11-55 and Section 6 of Senate Bill No. 2239, 2001 Regular Session, shall be fully incorporated into the school district's discipline plan and code of student conduct.
- (2) All school discipline plans shall include, but not be limited to, the following:
 - (a) A parent, guardian or custodian of a compulsory-school-age child enrolled in a public-school district shall be responsible financially for his/her minor child's disruptive acts against school property or persons.
 - (b) A parent, guardian or custodian of a compulsory-school-age child enrolled in a public-school district may be requested to appear at school by the school attendance officer or an appropriate school official for a conference regarding acts of the child specified in paragraph (a) of this subsection, or for any other discipline conference regarding the acts of the child.
 - (c) Any parent, guardian or custodian of a compulsory-school-age child enrolled in a school district who refuses or willfully fails to attend such discipline conference specified in paragraph (b) above may be summoned by proper notification by the superintendent of schools or the school attendance officer and be required to attend such discipline conferences; and
 - (d) A parent, guardian or custodian of a compulsory-school-age child enrolled in a public-school district shall be responsible for any criminal fines brought against such student for unlawful activity occurring on school grounds or buses.
- (3) Any parent, guardian or custodian of a compulsory-school-age child who (a) fails to attend a discipline conference to which such parent, guardian or custodian has been summoned under the provisions of this section, or (b) refuses or willfully fails to perform any other duties imposed upon him or her under the provisions of this section, shall be guilty of a misdemeanor and, upon conviction, shall be fined not to exceed two hundred fifty dollars (\$250.00).
- (4) The school district shall be entitled to recover damages in an amount not to exceed twenty thousand dollars (\$20,000.00), plus necessary court costs, from the parents of any minor under the age of eighteen (18) years and over the age of six (6) years who maliciously and willfully damages or destroys property belonging to the school district. However, this section shall not apply to parents whose parental control of school child has been removed by court order or decree. The action authorized in this section shall be in addition to all other actions which the school district is entitled to maintain and nothing in this section shall preclude recovery in a greater amount from the minor or

from a person, including the parents, for damages to which such minor or other person would otherwise be liable.

- (5) The school district's discipline plan may provide that as an alternative to suspension, a student may remain in school by having the parent, guardian or custodian, with the consent of the student's teacher or teachers, attend class with the student for a period of time specifically agreed upon by the reporting teacher and school principal. If the parent, guardian or custodian does not agree to attend class with the student or fails to attend class with the student, the student shall be suspended in accordance with the code of student conduct and discipline policies of the school district.

The Mississippi School Safety Act shall take effect and be in force from and after July 1, 2001. Ref: Sections 37-3-81; 37-3-83; 37-11-54; 37-11-55; 37-11-53, MS Code of 1972, amended.

The committee has the option to recommend no action, probation, alternative placement, or expulsion for the remainder of the school year, or expulsion for one calendar year. Federal and state regulations will be followed when disciplinary action is taken with students who have disabilities.

Note: Any student appearing before the District Disciplinary Review Committee in the last nine-week period of the school year will remain on an 8-demerit probation for 9-weeks the following school year.

EXPULSION

Expulsion is defined as any denial of school attendance beyond 10 days, which may be permanent, or which may terminate at the beginning of the next school year provided sufficient rehabilitation could be demonstrated. The power to expel a student is vested in the Amite County School District Disciplinary Review Committee subject to the review of the superintendent and board of trustees of the district.

Any principal who determines that a student has committed infractions justifying expulsion shall send a letter recommending such expulsion to the superintendent or his/her designee. The letter or recommendation shall contain the student's disciplinary record and the principal's recommendation. Concurrently, the principal shall provide a "Notice of Recommendation for Expulsion" to the parent or guardian of the student. Students recommended for expulsion may remain in attendance pending the hearing before the District Disciplinary Review Committee only if, in the opinion of the principal, the student's attendance is not disruptive to the educational program or the operation of the school.

Upon receipt of the principal's recommendation, the superintendent or his/her designee shall notify the parent or guardian of the student recommended for expulsion of the exact time and place for the hearing. This hearing shall be held within (10) days of the principal's recommendation for expulsion.

In case the student, his/her parent, legal guardian, or attorney request additional time, the student will remain out of school until the hearing occurs. School officials may exercise this same option with consent of student, parent, legal guardian, or their attorney.

The District Disciplinary Review Committee shall have the duty to review the evidence advanced by the principal in support of his/her recommendation and to hear and review any rebuttal advanced by the student, parent, or guardian. Although proceeding will be conducted informally, and formal rules of evidence shall not apply, the student and the parent or guardian has the right to:

1. Have counsel present at hearing.
2. Cross-examine or otherwise pose questions to persons giving statements adverse to the student.
3. Offer statements by the student and parent or guardian and any other person who has information relevant to the charges advanced by the principal.

The decision of the committee will rest solely upon applicable school rules and law and only upon evidence admitted at the hearing. The Disciplinary Review Committee shall hear all the facts considered before deciding. If any action of the board is required, the decision shall be rendered in writing (recorded) and presented at the next regular or recess meeting of the board with its recommendations. The principal or assistant principal shall verbally advise the student's parents(s) of the committee's decision as soon as possible.

Students who are expelled may apply for re-admission at the end of their expulsion. Such students must show evidence of rehabilitation and must have a conference with the school board before reinstatement.

Students who have completed the Amite County Alternative School/Behavior Modification Program shall be subject to the following controlling policy: When a student returns from the alternative school/behavior modification, he/she will be placed on an eight (8) demerit probation. Any student accumulating more than eight (8) demerits will be referred to the school principal. The principal shall submit his/her recommendation to the Superintendent or his designee. The parent or guardian will be notified of the recommendation.

Students who are placed on district probation will be allowed to accumulate no more than eight (8) demerits while on probation. Any student accumulating more than eight (8) demerits will be referred to the school principal. The school principal shall determine whether the infractions justify alternative placement or expulsion. Once the determination has been made, the principal shall submit his/her recommendation to the Superintendent or his designee. The parent or guardian will be notified of the recommendation and of the appropriate procedures for appealing the decision to the school board. The recommendation shall contain the student's disciplinary record and the principal's recommendations.

A photocopy of all recommendations will be sent to the Superintendent or his designee.

Amite County Alternative School

The alternative education program for students enrolled in the Amite County School District will provide educational opportunities for students who are not able to respond appropriately to regular education. The goal of the alternative education program shall be to assist the student to achieve successful learning experiences and to modify social behavior that will entitle him/her to re-enter his/her home school.

Students enrolled in behavior modification, or the alternative school can successfully complete the program in six (6) to nine (9) weeks. The length of time served will be determined by the following criteria:

- The infraction(s)
- Acceptable behavior
- Regular attendance
- Improvement in social skills
- Grades

The Principal will evaluate the student's progress to determine his/her eligibility for returning to his/her home school.

VANDALISM

The school district will not tolerate students writing on or otherwise defacing school buildings, furniture, or other school property. Students guilty of this offense will be placed on the disciplinary ladder according to school policy and **restitution will be required from the parents/guardians.**

CURRICULUM AND INSTRUCTION

The Amite County School District curriculum is grounded in the beliefs that every child can learn and that every child has a right to learn, and that children learn in different ways and at different rates. It is aligned with the Mississippi College-and-Career Readiness Standards (MCCRS) for the subject areas being taught, district objectives, and state/national assessments. Instructional programs are in place district-wide to address higher order thinking skills, and individual student needs in reading, mathematics, and language.

KINDERGARTEN

Kindergarten may be the first formal learning environment that the child encounters. As such, making the transition from home to school should be given careful consideration in order to make the change as easy as possible for the child. Kindergarten stresses development of the total child, enabling the child to grow socially, mentally, physically, and emotionally. The child will be given the opportunity to develop competence and self-confidence in learning areas such as language development, motor development, mathematics, creative play, and

music. The child is expected to acquire skills that will ready him/her for the more formal instruction to follow in the elementary grades, as evidenced by benchmark assessment results.

GRADING

Students will be graded as follows:

- Daily work (which may include homework), recitations, reports, etc., count 50% of the total nine weeks grade.
- Weekly or chapter tests (minimum of four per nine weeks period) count 50% of the total nine weeks grade.
- The grading scale for science, health, and social studies in grades K, 1, and 2 is:
S= Satisfactory (75-100), N= Needs Improvement (65-74), and U= Unsatisfactory (0-64).
- Math & English has Number/Letter grade.

A child must be enrolled at least 15 days during a nine-week period in order to receive a progress report or report card. Report cards are issued each nine (9) weeks and will be sent home on the second Thursday of the week after the nine-week grading period. Refer to school calendar for exact dates. Report cards should be signed and returned to school unless a parent conference is held to discuss the report card. Report cards at each school possess unique watermarks that cannot be duplicated. Please look for the watermark to verify that you have received an original report card. If you have questions about the authenticity of your child's report card, please call the school.

A failure notice will be issued to all students in grades 1-8 who are failing on the Thursday following the 3rd Friday of the term. The progress report will be sent to the parent in order to provide ample time for the parent to make contact with the teacher in regard to the situation.

GRADING SCALE FOR GRADES 1-6 GRADING SCALE

90 – 100 A
80 – 89 B
70 – 79 C
65 – 69 D
0 - 64 F

There will be no reassignment or reassessment of letter grades issued before the implementation date of a revised grading scale.

ONLINE GRADING SYSTEM

The Amite County School District has converted to the web-based student package SAMs Active Resources. Each school will send parent letters with instructions on how to log in to the website to view student's grades.

CHEATING

Students caught cheating on a test, or any other assignment will receive an unsatisfactory grade for that assignment.

HONOR ROLL K-6

Parents are asked to contact the school principal to arrange for up to fifteen (15) days of homebound instruction. School board approval is needed for each period of fifteen (15) days of homebound instruction thereafter.

PROMOTION AND RETENTION

KINDERGARTEN

A kindergarten student can be retained if adequate progress has not been demonstrated on the benchmark assessments. The decision to retain will be based on what is best for the student as determined by the principal and superintendent.

FIRST GRADE and SECOND GRADE

Students must pass reading, mathematics, and language with a minimum average of 65. Amite County School District also requires that students make adequate progress on district benchmark assessments. Decisions will be determined by principal and superintendent.

THIRD GRADE

Third grade students must pass reading, mathematics, language, science, and social studies with a minimum average of 65. In accordance with the Literacy-Based Promotion Act, third grade students who are not reading on grade level by the end of the third grade will be retained unless they qualify for a Good Cause Exemption.

EXTENDED SCHOOL YEAR PROGRAM/SUMMER SCHOOL

The extended school year program is designed to help students master the required skills for their grade level. Extended School Year Programs are not for promotion and are subject to funding.

TESTING PROGRAM

The Mississippi Board of Education maintains a school district accountability system that is correlated to performance of its schools. The accountability model focuses on overall student achievement by measuring each school's growth expectation and student proficiency.

The Amite County School District measures overall student achievement through its assessment program. Criterion-based assessments are administered in grade 1-8 in high priority areas to align assessment and the state curriculum. The state science assessment is administered in grades 5 and 8.

SPECIAL PROGRAMS

2. Special Education – The Amite County School District offers Special Education Services to those students who qualify. If you feel your child qualifies for these services, contact the principal at your child's school.
3. Gifted Education – Intellectually Gifted program services are offered in grades 2 through 6. Referrals should be made to the Gifted Education Program teacher at the school where the student is enrolled.
4. Health Services – District nurses provide school-based clinics at each of the schools on a regular basis.
5. Guidance Service – Guidance services are available through the district elementary guidance counselor/social worker. The counselor/social worker is available to students with special problems.

ENGLISH LEARNER PROGRAM (EL)

Philosophy

The Amite County School District recognizes the need and the requirement to provide EL (English Learner) students with linguistic and academic instruction and support services to develop English language proficiency such that, over time, they progress through school at a rate commensurate with their native English-speaking peers. To ensure educational efforts are consistent district-wide; the following requirements will be met:

- Language minority children are entitled to attend school, regardless of their ability to produce a birth certificate, social security number, or immigration documents. (Enrollment in Amite County schools is dependent upon two kinds of information: proof of residency in the district and proof of the required vaccinations.)
- Language minority children will be placed within one year of their age-appropriate grade level.
- Language minority children will not fail a subject or be retained in a grade because they do not speak English.

MULTI-TIERED SYSTEM OF SUPPORTS (MTSS)

The Multi-Tiered System of Supports integrates Response to Intervention (RtI) for academics and RtI for behavior into a unified model that recognizes the reciprocal influence academic performance and social/emotional/behavior have on each other. The main goal of the MTSS is to be prevention oriented by knowing which students need support and implementing supports as early as possible each school year. Interventions will be evidence-based and targeted to the student's needs. Progress monitoring data will be used to determine when to make changes in instruction.

The Mississippi Department of Education shall require every school district to follow the instructional model which consists of three (3) tiers of instruction:

Tier I: Quality classroom instruction based on Mississippi College-and Career-Ready Standards and Mississippi Curriculum Frameworks

Tier II: Focused supplemental instruction

Tier III: Intensive interventions specifically designed to meet the individual needs of students.

If strategies at Tier 1 and Tier 2 are unsuccessful, students must be referred to the Multi-Tiered System of Support. On those occasions that the Multi-Tiered System of Support interventions are not successful, the procedures for assisting students considered at-risk of academic failure will be followed. This committee will recommend improvements and/or forward the referral to the Multidisciplinary Evaluation Team (MET).

It is the policy of the Amite County School District that the referral of a student to the MET will begin the State of Mississippi's process for determining the eligibility of a student for special education services. Under the provisions of the Individuals with Disabilities Education Act (IDEA), students should only be considered if the student continues to be "at risk," after appropriate instructional variations and interventions have been implemented in the regular classroom or if the student is obviously disabled.

CHILD FIND

The Amite County School District participates in an ongoing effort to identify, locate, and evaluate all children from birth through 21 years of age who may have disabilities and may need special education and related services as defined by the State Policies Regarding Children with Disabilities under the Individual with Disabilities Education Act (IDEA) of 2004 (State Board Policy 7219). This applies to, but is not limited to homeless children, wards of the state, private school children, children advancing from grade and highly mobile and/or migrant children who reside within the district jurisdiction. Requests for evaluations are not limited by the number per year or time of year a request is received. The district will adhere to the relevant policies and procedures for the implementation of the Child Find requirements for local school districts under State Policies Regarding Children with Disabilities under the Individuals with Disabilities Education Act (IDEA) of 2004 (State Board Policy 7219).

SECTION 504

It is the policy of the Board of Education to provide a free and appropriate public education to each handicapped student within its jurisdiction, regardless of the nature or severity of the handicap. It is the intent of the district to ensure that students who are handicapped within the definition of Section 504 of the Rehabilitation Act of 1973 are identified, evaluated, and provided with appropriate educational services.

Due process rights of handicapped students and their parents under Section 504 will be enforced.

EMERGENCY WEATHER PROCEDURES

It may become necessary for the Superintendent of Education to dismiss school early due to an emergency. It is highly recommended that parents have a plan of action formulated in case their child comes home and finds that no one is home. School nurses will not be able to administer any other over-the counter medications unless the following is completed:

- Medication has been prescribed by a licensed health care provider
- Medication is brought to the school, in a properly labeled prescription bottle/container, by the parent/guardian.
- Written authorization from a parent/guardian has been received

- C. **Medication Administration on Field Trip** – Due to the severity of student's medical conditions on school campuses, school nurses may not attend field trips. Provisions will be made to train professional school staff to assist students with medication administration on field trips. Some restrictions may apply.

The school reserves the right to refuse administration of any medication when circumstances warrant such action. This may include adverse reaction, incomplete instructions for administration, non-compliance by the parent or student with school policy, or other extenuating circumstances. The parent/guardian will be notified of these situations.

Asthma and Anaphylaxis Child Safety Act

Amite County School District will comply with the Mississippi Asthma and Anaphylaxis Child Safety Act. The school nurse or trained personnel will administer an auto-injectable epinephrine to a student who it is believed, in good faith, to be having an anaphylaxis reaction, whether or not the student has a prescription for epinephrine.

The school nurse or trained personnel may administer medication and maintain for use when necessary.

Prescribed medication for asthma (rescue medication), and for anaphylaxis (epinephrine) should be kept in the nurse clinic unless written permission for a student to carry these prescription drugs has been agreed to by the physician, parent, and school nurse. It requires, in part, that the student has demonstrated the necessary maturity to keep it on their person.

If your child has been diagnosed with asthma or anaphylaxis, an Amite County School District Action Plan must be completed by the healthcare provider and parent/guardian at the beginning of each year, or whenever there is a change in the medication dosage or schedule. These forms are available at the time of registration or from the school nurse. MS Code §37-11-71

Communicable Diseases

At Amite County School District, it is our responsibility to be proactive against the spread of infection. Students will be sent home and are to stay home until they are without a fever (Temperature is less than 100.4 degrees Fahrenheit taken orally) for 24 hours without the use of fever-reducing medicine. When a student becomes ill at school, he/she shall be observed by a school staff member and a parent/guardian will be contacted.

Students with communicable diseases are required to remain at home until a physician certifies them able to return to school. Listed below is a guide for communicable diseases to which children are most susceptible.

- **Chicken Pox:** A highly infectious viral disease that begins with small red bumps that turn into blisters after several hours. The blisters generally last for 3-4 days and then begin to dry up and form scabs. These lesions (bumps/blisters) almost always appear first on the trunk rather than the extremities. The child may return to school after the lesions are crusted and dry and no new ones are forming. Exposed children may attend school.
- **FLU (Influenza):** Influenza is an acute (sudden onset) viral disease of the respiratory tract characterized by fever, headache, muscle aches, joint pain, malaise, nasal congestion, sore throat and cough. Influenza in children may be indistinguishable from diseases caused by other respiratory viruses. The student may return to school after free of fever for 24 hours and feeling well.
- **Measles (Rubella):** Symptoms may include fever, hacking cough, and conjunctivitis. The child may return to school when free of fever and the rash is fading (this usually takes 5 to 7 days). Exposed children may attend school.
- **Meningococcal Meningitis:** This illness is a rare but sometimes fatal infection affecting the membranes of the spinal cord and brain. Meningitis can be caused by a variety of organisms or germs such as *Haemophilus influenzae* type b (Hib) and

Neisseria meningitidis (meningococcal). It is spread through the exchange of respiratory droplets, which includes sharing a drink or utensils, kissing, cough, and sneezing. Symptoms may include sudden high fever, headache, stiff neck, nausea, vomiting, and exhaustion. Symptoms progress quickly, and prompt medical attention is critical. Immunization can reduce one's risk and is strongly recommended for all preteens, teens and young adults. Infected individuals may return to school after treatment with antibiotics and clearance by a physician.

- **Mononucleosis:** This is an infectious disease characterized by fever, sore throat, swollen glands in the neck area, and generalized weakness. The child need not be excluded from class, unless requested for medical reasons, but may return when free of fever and feeling well enough and clearance by a physician.
- **Conjunctivitis (pink eye):** This is an infectious disease characterized by redness of the eye(s), excessive tearing, itching, and discharge. Some cases may require antibiotics; therefore, a physician should be seen. Children may return to school after a physician has been seen, or when redness/discharge is improving.
- **Strep throat/Scarlet Fever:** Strep throat a communicable disease characterized by sore throat, fever, and tender, swollen lymph glands in the neck. Scarlet fever is a streptococcal infection with a rash (scarlatiniform rash). It is most associated with strep throat. In addition to the signs and symptoms of strep throat, the person with scarlet fever has an inflamed, sandpaper-like rash and sometimes a very red or "strawberry" tongue. The rash is due to a toxin produced by the infecting strain of bacteria. The student may return to class 24 hours after treatment has been started if free of fever.
- **Mumps:** Pain in chewing or swallowing may be earliest symptoms, followed by chills and headache. The child should not return to school until all swelling has disappeared, usually nine to twelve (9-12) days from onset.

Skin Infections

- **Impetigo:** The child may return to class 24 hours after treatment has been started. Lesions that are still oozing and are on exposed skin surfaces should be covered.
- **Poison Ivy/Oak:** Not contagious person to person.
- **Ringworm:** Return to school when under treatment.
- **Scabies:** Return to school when under treatment.
- **Staph:** Children who have a minor staph infection of the skin such as a pimple may attend school. Those who have a more serious staph infection that requires medical treatments should not return to school until 24 hours after treatment has been started and is free of fever. Any lesions that are oozing and are on exposed skin surfaces should be covered with a leak-proof bandage. Clearance by a physician

Communicable Disease Spread by Non-Casual Contact

When reliable evidence or information from a qualified source confirms that a student/staff member is known to have a communicable disease or infection that is known not to be spread by casual contact, such as HIV infection, Hepatitis B, and other like diseases, the decision as to whether the affected person will remain in the school setting will be addressed on a case-by-case basis in accordance with state and federal law.

Emergency Care (First Aid)

The school attempts to provide an environment in which the student will be safe from accidents. Emergencies shall be dealt with promptly by teachers, first aid specialists, and principals by taking appropriate action, including sending a child to the hospital or summoning medical aid or an ambulance. In all cases where it is necessary to send a student to the hospital, every effort must be made to notify parents.

If an accident occurs, first aid will be administered. School personnel shall not exceed usual practice of competent first aid (American Heart Association Standards CPR/First Aid). When

a student becomes, ill or injured at school, he/she shall be observed by a school staff member and, if necessary, sent to the office to contact his/her parents or legal guardian.

BED BUG POLICY

When a student is identified with bed bugs present on them at school, the parent will be contacted and education materials about transporting bed bugs and care at school will be given to the parent to prevent the spread of bed bugs at school. Prompt reporting is necessary, so the presence can be confirmed, and prompt action taken to prevent the spread. Based on an assessment, the principal and/or the school nurse may require the student to be dismissed for the remainder of the day to address the infestation.

Head Lice Policy

I. IDENTIFYING INFESTED CHILDREN

A. **BY SCREENING** – Routine screening for head lice will be conducted in the fall and spring for students in grades K-12, by school nurses, teachers, or other school staff who have been instructed in the technique.

B. **BY INDIVIDUAL CASE** – Throughout the year, any student suspected of having head lice will be examined by the teacher, and, if evidence of infestation is seen, child will be re-examined by the other “confirming” examiner. If infested, the child will be handled as described in section 2, “HANDLING OF INFESTED CHILDREN” below. If one child in a classroom is found to be infested, the entire class will be screened as described above. (This is recommended by the MS Department of Health but not required)

II. HANDLING OF INFESTED CHILDREN

A. The parent will be called to initiate treatment as described in section 3, “TREATMENT” see below. Care will be taken not to embarrass the child and to assure that no stigma is attached to him/her. Detailed guidelines for treatment will be sent home with the child.

B. **RETURN TO SCHOOL** – The child may return to school as soon as the parent provides evidence of treatment, a note stating the date of treatment: A note from the parent describing the treatment, e.g., “Johnny was treated with XYZ shampoo according to package directions on 09/12/16”, and the box top or package label from the product used. The treatment should be an approved medical treatment and not a home remedy. At this time, the child will be reexamined. A few nits (eggs) may still be seen even in an adequately treated child and are not evidence of continuing infestation. If the child has not been satisfactorily treated, admission will be refused. Upon the third incidence or notification of head lice within a school year, the student will be referred to the county health department for instruction and assistance.

III. TREATMENT

A. **INDIVIDUAL** – Several effective products are available over the counter (OTC) and prescription form. Over the counter medications approved by Food and Drug Administration (FDA) contains one of the following active ingredients: Pyrethrin’s combined with piperonal butoxide. FDA approved prescription medications are Benzyl alcohol lotion,5%, Ivermectin lotion,0.5% and Malathion lotion,0.5%. Treatment with any approved pediculicidal (lice-killing) product should be adequate. An initial treatment should kill adult and larval lice but will not kill all the eggs. A second treatment 7-10 days later (8 is ideal), after the eggs left by first treatment have all hatched, will kill newly hatched lice before they mature and reproduce and complete the treatment process. A second treatment is recommended unless otherwise prescribed by a physician. If only one treatment is prescribed, the student will be re-checked upon return to school, and then again in seven (7) days. If a second treatment is done or required, parents must furnish evidence of the treatment no earlier than seven (7) days and no longer than ten (10) days after the first. The same evidence, note from

parent and box top/package label, is required. A child should not miss more than one (1) or two (2) days because of treatment for head lice. If the child is absent more than three (3) days, the school attendance officer will be notified.

IV. STUDENTS WITH RECURRING HEAD LICE:

A. If a student has had head lice on three (3) occasions during (1) school year while attending school or if the parent of the student has been notified by school officials that the student has had head lice on three (3) occasions in one (1) school year, as determined by the school nurse, the principal, or his/her designee shall notify and refer the county health department of the recurring problem of head lice for that student.

FAMILY – Household members of a child with head lice should be examined for lice (by a family member who knows how, the family doctor, or someone else knowledgeable about lice) and any infested persons should be treated as described above. Persons that share a bed with the infested child should be examined and may need treatment as well.

HIV Policy

A student with HIV infection has the same right to attend school and receive services as any other student and will be subject to the same rules and policies. School authorities will determine the educational placement of a student with HIV infection on a case-by-case basis following established policies and procedures for a student with chronic health problems or disabilities. The school authorities will consult with the student's physician and parent (or guardian); respect the student's and family's right to privacy; and reassess the placement if there is a change in the student's need for accommodation or services. The student's parent or guardian will be requested to sign a release of information form to allow communication between the physician and the school system.

CHILD ABUSE OR NEGLECT

In compliance with MS Code 43-21-353, district administrator or designee shall immediately report suspected child abuse or neglect to the Mississippi Department of Human Services. The number for the Child Abuse hotline is (800)-222-8000.
